### ABOUT ME

Architectural Designer and Drafter with 8 years of experience, specializing in the design and technical documentation of residential and commercial projects. Skilled in architectural concept development, space planning, and producing precise technical documentation through the SD, DD, and CD phases, with a strong focus on design quality and accuracy. Autodesk Certified Revit Architecture user, with strong additional strengths in 3D modeling using SketchUp and rendering with Lumion and D5 Render.

Recognized for my reliability, strong sense of autonomy, organized, detail-oriented work style, and adaptability across different project needs. Currently expanding my proficiency in U.S. standards, including ADA, IBC and local codes, while continuing to develop advanced skills in technical documentation and Revit-centered architectural workflows to support efficient, high-quality project delivery.

### WORK EXPERIENCE

#### 2016-Present | Architectural Designer

*VÉTRE Architecture | Freelance - Dominican Republic*

- Developed architectural plans: floor plans, sections, elevations and construction details across SD, DD and CD phases.
- Created 3D design models using Revit or SketchUp, rendered models with Lumion or D5 render.
- Produced conceptual designs and initial project sketches.
- Prepared permit sets and construction documentation for residential and commercial projects supporting local approval processes.
- Created renders and visual presentations for client meetings.
- Developed as-built drawings for completed projects.
- Standardized templates and procedures for recurring project types.
- Helped a client obtain permits with precise technical documentation.

#### 2023-2025 | Design Coordinator and Drafter

*Antillean Construction Corporation - Dominican Republic*

- Created 3D models for design and coordination using Revit.
- Drafted detailed technical specifications and construction details.
- Collaborated with clients and consultants to refine designs and ensure alignment.
- Reduced errors in deliverables through quality control processes.
- Identified and resolved issues during design.
- Led progress meetings with clients.

#### 2018-2023 | Co-Founder and Architectural Designer

*PEG Studio - Dominican Republic*

- Developed architectural plans: floor plans, sections, elevations, and construction details across SD, DD and CD phases.
- Created 3D design models using Revit or SketchUp, rendered models with Lumion or D5 render.
- Produced conceptual designs and initial project sketches.
- Prepared permit sets and construction documentation.
- Drafted detailed technical specifications and construction details.
- Created renders and visual presentations for client meetings.
- Oversaw architectural projects from design development to construction documentation.
- Led progress meetings with clients.
- Developed efficient layouts to maximize functionality and space utilization.
- Created mood boards and visual presentations to communicate ideas.
- Reduced documentation errors through standardized Revit templates and internal quality control processes.

### EDUCATION

2014-2019 | *Universidad Católica Nordestana (UCNE)*

- Bachelor of Architecture

### CERTIFICATES

August, 2019 | *Certiport*

- Revit For Architecture Autodesk Certified User

### COURSES

December, 2025 - Present | *TinkuArch*

- Professional Program for International Architects

### PROFESSIONAL AND TECHNICAL SKILLS

*Architectural skills:*

- Architectural design concepts, plans and construction details
- Permit and construction sets
- SD / DD / CD Phases
- QA / QC
- 3D models.
- Renderings and visual presentations
- Digital and hand-drawn sketches

*Software and tools:*

- Revit
- AutoCAD
- Bluebeam
- SketchUp + Layout
- Lumion | D5 Render
- Adobe Illustrator | InDesign | Canva
- Microsoft Office | Google Workspace | ClickUp

### PERSONAL SKILLS

- Clear communicator
- Adaptable
- Detail-oriented
- Methodical
- Team player
- Good with time management
- Client communication

### LANGUAGES

- Spanish | Native
- English | Intermediate (B2)
- Portuguese | Basic (A2)
