ABOUT ME

I am an architectural drafter and coordinator with advanced proficiency in Revit and AutoCAD for precise architectural drawings and documentation. I have 6 years of experience designing educational and residential projects in Peru. I am an adaptable, flexible, easygoing, detail-oriented, curious, and proactive professional with strong skills for creating architectural plans (floor plans, sections, elevations) and construction details. I have coordinated with consultants (structural, MEP, etc.), presented the projects to clients, and reviewed client feedback with adjusted designs.

ACADEMIC DEGREES

Master in Museology and Cultural Management (March 2020 - December 2021)

Universidad Ricardo Palma - Lima, Perú.

Bachelor's Degree in Architecture (March 2013 - December 2017)

Universidad Ricardo Palma - Lima, Perú.

Minor in Residential Interior Design (September 2016 - March 2017)

Universidad de Ciencias y Artes de América Latina - Lima, Perú.

PROFESSIONAL & TECHNICAL SKILLS

- **Revit Architecture:** Proficient
- **BIM360:** Intermediate
- **AutoCAD:** Proficient
- **Rhino:** Beginner
- **SketchUp:** Proficient
- **Lumion:** Intermediate
- **BlueBeam:** Intermediate
- **Adobe Creative Suite (Photoshop, InDesign, Illustrator):** Intermediate
- Proficiency in architectural plans (floor plans, sections, elevations), construction details, 3D BIM models, technical specifications, visual presentations, permit or construction sets.
- Experience in overseeing projects from design to construction completion.
- Utilize BIM workflows to enhance team efficiency.

PERSONAL SKILLS

- Adaptable
- Detail-oriented
- Curious and proactive
- Flexible
- Easygoing

LANGUAGES

Spanish Native
English B2 (Cambridge), 2012

EXPERIENCE

ARCHITECTURAL DESIGNER (June 2022 - Present)

FD Architects - Lima, Perú.

- Developed architectural plans: floor plans, sections, elevations, and construction details.
- Conducted feasibility studies and design analyses to meet regulations.
- Oversaw projects from design to construction completion.
- Coordinated multidisciplinary teams (architects, structural engineers, MEP consultants). Coordinated schedules and allocated resources.
- Integrated structural, mechanical, and electrical systems into BIM models.
- Mentored junior designers, drafters, or coordinators.
- Selected finishes, materials, and colors to enhance design concepts.
- Designed custom furniture for residential and educational projects.
- Prepared proposals and reports tailored to client requirements. Collaborated with clients and consultants to refine designs and ensure alignment.
- Collected client feedback and made necessary design adjustments.
- Fostered collaboration and efficiency among project teams.
- Reduced errors in deliverables through quality control processes.

ARCHITECTURAL DRAFTER (September 2019 - June 2022)

FD Architects - Lima, Perú.

- Created detailed construction drawings and 3D models for mixed-use, educational and residential buildings.
- Supported design teams by producing technical documentation and permit sets using Revit and AutoCAD.
- Translated conceptual sketches into accurate plans and visual presentations for client approval.
- Conducted clash detection and coordination among architectural, structural, and MEP systems.
- Developed renderings and visual materials to enhance client understanding of design proposals.
- Assisted in preparing design proposals, specifications, and reports aligned with project goals.
