## ABOUT ME

I am an Architectural Designer and Drafter with 7 years of experience in residential, commercial, educational, and industrial logistics projects. I use Autodesk Revit, AutoCAD, and Adobe Creative Suite on a daily basis to produce technical documentation and visual communications.

I produce architectural plans, construction details, 3D models, renderings, and visual presentations, and am directly involved in SD, DD, and CD project phases. I deliver strong technical execution and support design development and multidisciplinary coordination.

I describe myself as detail-oriented, adaptable, curious, and proactive. I excel at time management and thrive in fast-paced environments. My professional strengths include technical drawing, 3D modeling and rendering, as well as visual communication for presentations and client-facing deliverables.

## EDUCATION

- 08/2013 – 12/2018  
Universidad Iberoamericana  
Puebla, Puebla.  
Bachelor's degree in Architecture
- 05/2017 – 07/2017  
Pratt Institute, New York City  
School Exchange

- Spanish Native

## PROFESSIONAL SKILLS

- Architectural plans & construction details
- 3D modeling and rendering
- Visual communication for design presentations
- Autodesk Revit
- AutoCAD
- Adobe Creative Suite (Photoshop, Illustrator, InDesign)
- 3Ds MAX

## PERSONAL SKILLS

- Detail-oriented
- Adaptable
- Curious and proactive
- Time management
- Flexibility

## WORK EXPERIENCE

04/2024 – 02/2025  
Architectural Drafter | ICECSA

- Developed architectural plans: floor plans, sections, elevations, and construction details.
- Drafted detailed technical specifications and construction details.
- Developed as-built drawings for completed projects.
- Created 3D models for design and coordination using Revit, 3Ds Max.

01/2020 – 08/2022  
Architectural Designer | Proyecto Caféina

- Developed architectural drawings and design documentation for residential and small-scale architectural projects.
- Supported design development from concept stages through technical documentation.
- Produced plans, sections, and elevations with attention to clarity, coordination, and design intent.
- Collaborated with internal teams to meet deadlines and adapt designs based on feedback.
- Worked with organized workflows suitable for remote collaboration environments.

03/2018 – 09/2018  
Architectural Drafter | StudioLo.mx

- Assisted in the preparation of architectural drawings for ongoing projects.
- Supported senior architects with technical documentation and drawing updates.
- Maintained organized and accurate drawing files.
